

HAMZA BEN JEMAA

WEB DEVELOPER

PROFILE

A passionate and curious Full Stack JavaScript & Mobile Developer with strong technical and creative skills. Specialized in building responsive, user-friendly, and modern web/mobile applications using Next.js, React, TypeScript, and more. Always striving for growth, clean code, and user-centric experiences.

EXPERIENCE

Web Developer – LE BOSPHORE TUNIS (April 2025 – Present)

Enhanced an e-commerce platform by refining backend logic and upgrading frontend components using Liquid templating language, ensuring optimal functionality for online shopping operations. Co-developed 'EasySell' web application using React.js, Node.js, and MySQL. Performed quality assurance for mobile responsiveness.

Founder & Full-Stack Developer – KITELAB PRODUCTIONS (July 2025 – Present)

Founded and lead a team specializing in cutting-edge websites with 3D and modern technologies. Built KiteLab's platform from scratch using Next.js 14, Node.js, MySQL, and Tailwind CSS. Front-End Developer

Intern – DEFENDR GG (Nov 2025 – March 2025)

Developed UI components using Next.js (Navbar, Buttons, Search Bar, etc.), built pages like Create Organization, Create Tournaments, Home (before/after login), and contributed to a user-friendly design system

PROJECTS

KiteLance -Freelancers Dashboard Management

- Dashboard for freelancers , for checking all the tasks and clients
- (still under working)
